

1	Identification/Appearance	Roll of cuspated plastic with textile bonded to one or both sides. Email: production@abg ltd.com Emergency contact: 01484 852992 (08:30-17:00 Monday-Friday)
2	Possible Hazard	None. No toxic chemicals.
3	Composition	High Density Polyethylene / Polypropylene.
4	First-aid measures	For molten or burning material treat as follows: Inhalation: In case of adverse exposure to vapours and/or aerosols formed at elevated temperatures, immediately remove affected person from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Obtain prompt medical attention. Skin Contact: For molten product; immediately immerse in or flush the affected area with large amounts of cold water. Cover with clean dressing and seek prompt medical attention.
5	Fire-fighting measures	Use water spray, dry chemical or CO2 extinguisher. None explosive.
6	Accidental release measures	None required. No hazardous effects expected.
7	Handling and storage	No special storage required. Keep in protective opaque plastic wrapper. Lubricants in the textile can cause skin irritation in some people. Average roll weight 50kg.
8	Exposure controls and personal protection	None required. Wear gloves if sensitive skin.
9	Physical and chemical properties	Formed from vacuum formed HDPE and thermally bonded polypropylene fibres. Odourless. Melting point approx. 160°C Flash point approx. 250°. Soluble in Phenole, Kresole, & Sulphuric Acid. Insoluble in water. Density 1.
10	Stability and reactivity	No hazardous reactions known. In the case of fire CO and CO2 are produced plus sooty smoke.
11	Toxicological information	None toxic.
12	Ecological information	Inert and does not decompose. Does not contain any substance known to damage the ozone layer.
13	Disposal	Treat as non-hazardous waste; landfill or incinerate. Product and packaging can be recycled.
14	Transport	No special requirements. No hazard.
15	Regulatory information	Special labelling not required.
16	Other	The information contained in this MSDS is based on present knowledge and current legislation and provides guidance on health, safety and environmental aspects of the product and should not be construed as any guarantee of technical performance or suitability for particular applications. It is for the users to satisfy themselves of the suitability of this product for their own applications. This information is believed to be accurate at the time of printing and is given in good faith.
