

Abpro PVC Profiles

ABG Abpro profiles are designed for use in variety of green or ballasted roof applications. They can be used either as an edge restraint, or where a solution for retaining or separating the roof garden materials is required. Lightweight and robust, they can be cut to length and angled to suit the roof design.

Data Sheet

Properties

Product Code

Density	kg/m ³	1550	BS 2782
Softening Point (Vicat 5kg load)	°C	76	BS 2782
Tensile Strength @ 50mm/min	MPa	40	BS 2782
Water Absorption (BS2782:430A)	%	0.08	BS 2782 : 430A
Colour	White		
Type and material	PVC extruded cellular hollow angled profile		

Product dimensions

Standard profile dimensions 5m length x profile cross section (see above)
